

Venue Information

Welcome

to S4 Swim School

This booklet will give you the addresses and venue information for the swimming pools that we use for our swimming lessons.

Please read through carefully as each venue has specific instructions on parking, arrival procedures and spectating.

If you wish to change to another venue (depending on availability), please email the session supervisor for your session. Their contact details can be found with the swimming pool information.

We look forward to seeing you at your next swimming lesson.
